8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 30th April 2022 at SB Packagings Pvt Ltd, Sampla in order to celebrate International Labour Day. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Tanvi Bhardwaj (Assistant Professor) along with three post-graduate students, Dr. Mehak (Periodontics), Dr. Tarshit (Conservative and Endodontics), Dr. Sugandha (Pedodontics), 5 interns, Ishu, Jyoti, Gunjan, Lakshay, Saksham and 2 attendants, Mr. Sunil and Mr. Rajkumar. Total 244 patients were examined and 62 patients were treated in Mobile Dental Van, SGT University which included 60 scalings and 2 restoration. Patients who required complex dental treatment were referred to SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated. The general population gave a positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were content with the treatment provided in the camp. The interns and other dental specialists appreciated the opportunity provided to them to work in an outreach location and expressed their wish to participate in such activities in the future.

9. Number & Description of Beneficiaries:

The Beneficiaries were workers of SB Packagings Pvt. Ltd. Factory in Sampla from young adults and middle age group. The working population is primarily engaged in Manufacturing labour. Total 244 were examined out of which 20 were females. All the workers were given demonstration for brushing technique. Majority of the patients had dental caries and periodontal problems including gingivitis and periodontitis.

10. Outcome of the Activity & its relevance to Health Sciences:

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

The activity was well appreciated by the workers of SB Packagings. Proper brushing technique was demonstrated to educate them regarding importance of proper oral hygiene maintenance, which created an interest among the population. Two hundred and forty four patients were examined and sixty two patients were treated in the mobile dental van and others were motivated to get the required treatment done from SGT Dental College and Hospital. Specialist Clinical support was provided by Department of Conservative and Endodontics, Periodontics and Pedodontics. The Interns got exposure to performing examination method and basic dental procedures and delivering health talks and demonstrating brushing technique in a service setting while realizing the importance of good teamwork and soft skills related to patient management.

7. Objective of the Activity:

- To create awareness about importance of oral health and routine oral care among general population
- To provide treatment to patients In Mobile Dental Van
- To celebrate Mother's Day 2022 and create awareness about role of mothers in oral health of children

8. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken

The Department of Public Health Dentistry (PHD), SGT University organized an oral health screening and treatment program in collaboration with SGTU publicity team on 8th May 2022 (Sunday) at Model Town, Gurugram.

The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head) of the PHD department. The Dental team was headed by Dr. Charu Khurana (Assistant Professor) PHD department, along with 3 postgraduate students- Dr. Chhavi from Prosthodontics department, Dr. Kevin from Periodontics department, Dr. Saumya from Orthodontics department along with 5 interns- Vidhi, Kalpana, Himanshi, Shruti, Joyshree and 2 Attendants (Mr. Rajkumar and Mr. Sombir). The dental camp started at 11:00 am and continued till 3:00 pm.

During the Outreach activity, Oral health status of 89 children and adults was examined and 25 patients were provided treatment in our state of the art Mobile Dental Van. The team also imparted the importance of oral health, routine oral hygiene instructions to all the attendees at the camp. Toothpaste and mouthwash were distributed to the needy patients. Patients

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Oral Hygiene Instructions and information on common dental diseases were imparted to all the attendees of the camp. The Mothers Day was also celebrated by the team by congratulating all mothers attending the camp and also making them aware about oral hygiene maintenance, especially of small children.

All the patients gave positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the dental team heard and attended to their problems with compassion. The purpose of the Oral Health check-up was to create awareness among the community and make them understand the importance of oral health.

9. Number & Description of Beneficiaries:

Total patients examined : 89

Males: 39

Females: 50

10. Outcome of the Activity& its relevance to Health Sciences:

This dental camp provided created awareness towards importance of good oral health among this special group of individuals and also motivated them to follow oral hygiene instructions in routine and lead a healthy life.

7. Objective of the Activity:

To provide oral health checkup and treatment for the school children, parents and teachers of ARV Public School, Rajiv Nagar, Gurugram and educate them regarding their oral health status

To motivate the population to avail oral health services being offered at faculty of dental sciences

To promote oral health among the population

To create awareness among the population about common oral diseases

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening and treatment program on 16th May 2022 at AVR Public School, Rajiv Nagar, Gurugram in collaboration with SGT publicity team. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Dept & Associate Dean). The Dental team was headed by Dr. Sachin Chand (Department of Public Health Dentistry) along with Dr Aayushee (Postgraduate Periodontology), Dr Nitish (Postgraduate Pedodontics) Interns Himanshi, Joyshree, Himadri, Gunjan, Jyotika, Geetanjali and attendant Mr. Sunil. A total of 65 patients including 38 males and 27 females were examined. Out of which 11 patients were provided treatment in mobile dental van which includes 11 oral prophylaxis. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Oral health education was imparted to the people. The general population gave positive feedback and appreciated the check up and patient care provided by the Dental Team. They acknowledged the way the dental team heard and attended to their problems with compassion. The purpose of the Oral Health check-up was to create awareness among the community and make them understand the importance of oral health

9. Number & Description of Beneficiaries:

Beneficiaries were children, parents and teachers of AVR Public School, Rajiv Nagar, Gurugram from age group 3 and above. Total population of the school

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

children was approximately 450 which include 250 males & 200 females.

Total people examined: 65 out of which 38 were males and 27 were females. 11 were provided treatment in the mobile dental van. Majority of the patients had periodontal problems including gingivitis and periodontitis & dental caries

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the children, parents and teachers of AVR Public School, Rajiv Nagar, Gurugram. 65 people were examined out of which 11 were given treatment in mobile dental van. Patients who required complex dental treatment were referred to SGT dental hospital for further procedures. The Interns and Post graduates worked in tandem and learnt the nuances of working at a school setting while realizing the importance of good teamwork and soft skills related to patient management at a urban (school) oral health programme

DENTAL CAMP REPORT

Camp Location: Ambedkar Bhavan, Badli, Jhajjar

20th May 2022

An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 20th May 2022 (Friday) at Ambedkar Bhavan, Badli, Jhajjar in association with SGTU Publicity Team. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Mohit Sharma (Professor, Department of Oral Pathology & Microbiology) along with 6 interns- Jyoti, Jyotika, Ishu, Kalpana, Geetanjali & Joyshree, 1 attendant Mr. Sombeer. A total of 19 patients were examined of which 3 patients were provided treatment (3; Oral Prophylaxis) in Mobile Dental Van on camp site. Patients who required complex treatment were referred to Dental Hospital in SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated to all the patients. The general population gave a positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were appreciative of the oral health education and counselling disseminated to them. The interns and postgraduates appreciated the opportunity provided to them to interact with patients at a community setting leading to improvement in their soft skills and approach towards patients in an outreach location, they also expressed their wish to participate in such activities in the future. The purpose of the dental camp was to create awareness in the community towards the importance of oral health.

7. Objective of the Activity:

To provide oral health checkup and treatment for the residents of Village Pelpa, Jhajjar and educate them regarding their oral health status

To motivate the population to avail oral health services being offered at faculty of dental sciences

To promote oral health among the population

To create awareness among the population about common oral diseases

8. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening and treatment program under the banner of academic associations INNOV8 Oral Health Care, Department of Public Health Dentistry & Advanced Stomato-Diagnostician Association, Department of Oral Medicine and Radiology on 30th May 2022 on the eve of World No Tobacco Day in association with Reliance foundation at Village Pelpa, Jhajjar. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Department & Associate Dean). The Dental team was headed by Dr. Sachin Chand (Department of Public Health Dentistry) along with Dr Tanishka (Postgraduate Prosthodontics), Dr Disha (Postgraduate Conservative & Endodontics), Interns Jyotika, Ishu, Himanshi, Joysree, Geetanjali and 2 attendants Mr. Sunil & Mr. Sombir. A total of 85 patients including 48 males and 37 females were examined. Out of which 19 patients were provided treatment in mobile dental van which include oral prophylaxis. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Toothpastes, mouthwash and medicines were distributed to the needy patients. Nukkad Natak by students was performed in front of villagers to highlight the ill effects of tobacco consumption and motivate them to stop the tobacco use. Health talk by Dr Sachin Chand was also given to the villagers depicting the harmful effects of tobacco. Oral health education was imparted to the people. The general population gave positive feedback and appreciated the check up and patient care provided by the dental team. They acknowledged the way the dental team heard and attended to their problems with compassion The purpose of the oral health check-up was to create awareness among the community and make them understand the importance of oral health

(UGC & AICTE Approved) Gurugram, Delhi-NCR

7. Objective of the Activity:

- To celebrate World No Tobacco Day and World Environment Day on theme Tobacco: Threat to our Environment
- To create awareness about harmful effects of tobacco consumption on oral health and its impact on the environment among Non teaching faculty members of SGT University

8. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken

The use of Tobacco is not only a health issue but it is also an environmental issue. From start to finish, the tobacco life cycle is damaging at every stage: cultivation, production and distribution to the toxic waste it generates. Every Year on 31st May “World No Tobacco Day” and 5th June “World Environment Day” is celebrated to raise the awareness about their respective importance of days among the population. This Year on the occasion of Anti Tobacco Day; WHO has come up with the theme on “Tobacco is killing us and our planet” and keeping this in mind Department of Public Health Dentistry and Environment Committee, SGT University celebrated both mentioned auspicious days altogether on 3rd June 2022 (Friday). The event was organized for the awareness among Non teaching staff members of the SGT University.

The interns of dental college through their skit displayed how the tobacco is poisoning our environment during its entire life course. After which, a talk on Impact of tobacco consumption on general Health, oral health and our surroundings was conducted by faculty members Dr. Meenakshi Chopra, Dr. Charu Khurana and Dr. Abhinav Bhargava from Public Health Dentistry department under moderation of Dr. Shourya Tandon, Associate Dean, SGT University. In the end a pledge was taken by all the non teaching faculty members and attendees of the event to not to consume the tobacco

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

in any form in future and seek help for tobacco cessation from dental professionals.

The event was graced by various dignitaries including Dr. Omkrishna Shetty, Dean, Faculty of Dental Sciences and Dr. Archana Chaudhary, Chairperson, Environment Committee, SGT University. SGT University pursue the vision of a healthy community and environment free from tobacco smoke. The organizers spread this message with a hope to bring about a change among the tobacco consumers.

9. Number & Description of Beneficiaries:

Total Participants- Over 70

10. Outcome of the Activity& its relevance to Health Sciences:

The event took place 10-11 in the morning and motivated individuals to surrender their in use tobacco products and Quit the dreaded habit of Tobacco Consumption.

Instructions for Innovative Competitions for UG Students

1. Reels

- The competition is open to BDS 3rd Year, Final year and Interns
- Maximum of 2 Participants per entry for reel
- Create a Monologue, Dialogue or a Pictorial Video (using images without copyright). Refrain from adding any brand name logos company names or any other material that may attract copyright issues
- Language used can be either English or Hindi
- Refrain from adding any brand name logos company names or any other material that may attract copyright issues
- Time Duration of the video to be between 30 to 60 seconds
- Aspect Ratio to be kept as 16:9. Use mp4 Format to avoid any playback issues in any of the system. Decent audio quality to be maintained for better representation of the video
- Judging criteria would include Concept, Clarity, Creativity and Presentation

2. Scientific Poster

- The competition is open to BDS 3rd Year, Final year and Interns
- Maximum of 2 Participants per entry for poster.
- Language used can be either English or Hindi.
- The entries could be digitally made, hand-drawn sketches, paintings with any medium, and illustrations.
- All the entries should be in pdf formats.
- Judging criteria would include Content, Originality, Creativity of Title, Overall Impact.

3. Slogan Writing Competition

- The competition is open to BDS 3rd Year, Final year and Interns
- The slogan should be in either Hindi or English language and then uploaded.
- Images of slogans written in ink will not be considered.
- Participants should upload the slogan in PDF format only.
- The slogans should be catchy and should not be more than 20 words.

Top 3 participants will be selected from each category based upon appropriate content and quality. All the participants have to submit entries to publichealthdentistry@sgtuniversity.org by 25th June 2022 along with Name, Batch, Email Address, Contact Number and Name of Competition Category. One entrant is allowed to participate in multiple categories of competition. All participants will be given Participation Certificates.

8. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening and treatment programme on 4th July 2022 while celebrating doctors day in association with Reliance foundation at Village Ismailpur, Jhajjar. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Department & Associate Dean). The Dental team was headed by Dr. Abhinav Bhargava (Department of Public Health Dentistry) along with Dr Taniya (Postgraduate Prosthodontics), Dr Sanjoli (Postgraduate Conservative & Endodontics), Dr Aditi (Postgraduate Oral Surgery) Interns LakshayTuteja , Komal , Gunjan and Elakshi and 2 attendants Mr. Sunil & Mr. Sombir. A total of 110 patients including 45 males and 65 females were examined. Out of which 11 patients were provided treatment in mobile dental van which included 9 oral prophylaxis and 2 restorations. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Toothpastes and mouthwash and medicines were distributed to the needy patients.

Keeping in mind doctors day, school children of the government school were given Health talk by Dr Abhinav Bhargava and brushing technique were demonstrated by post graduates and interns. All the school children, villagers and organisers appreciated the efforts of the doctors who have been toiling hard forever and especially during pandemic time.

Oral health education was also given to the villagers regarding maintenance of oral health and its relation with general health keeping in mind current pandemic. The general population gave positive feedback and appreciated the check up and patient care provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion The purpose of the Oral Health check-up was to create awareness among the community and make them understand the importance of oral health.

9. Number & Description of Beneficiaries:

The Beneficiaries were residents of Village ismailpur from all age groups. The working population is primarily engaged in agriculture. 110 people came forward for their Dental Check including both males and females. 11 were provided basic treatment. Patients were given demonstration for brushing technique. Majority of the patients had periodontal problems including gingivitis and periodontitis. Younger population had Dental Caries Predominantly. A fragment of population was of tobacco chewers who were separately motivated for quitting the habit. Mouthwashes and toothpastes were distributed as per the oral health needs of the population.

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the people of all age groups. Proper brushing technique was demonstrated to educate the population regarding importance of proper oral hygiene maintenance. A Health Talk was given to the population on the occasion of Doctors day to emphasise oral health in connection with general health keeping in mind the current pandemic. One Hundred and ten patients were examined and Eleven were given basic treatment at the camp site. The villagers were satisfied with the diagnostic and treatment services provided at the camp and were convinced to avail advanced treatment procedures at the Faculty of Dental Sciences. The Interns Post graduates worked in Tandem and learnt the nuances of working at a rural setting in a mobile setting while realizing the importance of good teamwork and soft skills related to patient management at a rural setting.

8. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken

The Department of Public Health Dentistry (PHD), SGT University organized an oral health screening and treatment program in collaboration with Reliance Foundation and SGTU publicity team on 11th May 2022 (Monday) at village Dadri Toye, Jhajjar.

The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head) of the PHD department. The Dental team was headed by Dr. Charu Khurana (Assistant Professor) PHD department, along with 3 postgraduate students- Dr. Karuna from Pedodontics department, Dr. Madhur from Periodontics department, Dr. Preetika from Oral Medicine and Radiology department along with 4 interns- Anshu, Anshula, Atibha, Anjali and 2 Attendants (Mr. Sunil and Mr. Sombir). The dental camp started at 10:30 am and continued till 2:30 pm.

During the Outreach activity, Oral health status of 92 individuals was examined and 22 patients were provided treatment in our state of the art Mobile Dental Van. The team also imparted the importance of oral health, routine oral hygiene instructions to all the attendees at the camp.

Toothpaste mouthwash and essential medicines were distributed to the needy patients. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Oral Hygiene Instructions and information on common dental diseases were imparted to all the attendees of the camp on the day of World Population Day.

Pen stands were distributed to few students as a reward for having good oral hygiene. All the patients gave positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the dental team heard and attended to their problems with

→ Feedback

Interns - Camp - Dadrn Taje - 11.7.22

⇒ Good camp Management with ample amount of patient. Amenities facilities were also present and were Hygiene, overall good experience.

Dr. Rasuna, Dr. Preetika

⇒ Overall it was a great exposure and was a great pleasure working with,

However ^{there are} few drawbacks that can be considered

- ~~Not~~ Availability of mouthmirrors and torch. (lit ~~bottom~~ with easier to view upper teeth)
- Playcards can be incorporated depicting basic diseases like Caries and Impaction.

We appreciate the efforts of university and feel privileged to be the part of it.

Anjali, Anshu, Anshula, Aksha

Dental Public Health Report

Faculty of Dental Sciences

SGT University

25th July 2022

I, Akshita Yadav, along with my batchmates Aditi Sharma, Akanksha Yadav, Akhil Bansal and Ashish got an opportunity to attend the school camp at Kendriya Vidyalaya, Rohtak on 25th July 2022. The experience of camp was nice as we are able to interact with the pediatric patients.

We are fortunate enough to ~~see~~ serve in this camp and to check the dental health of the pediatric patients.

Akshita Yadav - Akshita
Akhil Bansal - Akhil
Akanksha Yadav - Akanksha
Aditi Sharma - Aditi

am and continued till 1:30 pm. 376 students from classes 4th till 9th were examined which included 193 boys and 183 girls . Oral Health Education was imparted regarding the importance of adopting a healthy lifestyle through brushing techniques, models and charts. The students who were needy were distributed toothpastes . Students with good oral hygiene were given badges as a token of appreciation . The purpose of the Oral Health drive was to create awareness among the students and make them understand the importance of oral health care. Students who required dental treatment were referred to SGT Dental hospital for further treatment.

9. Number & Description of Beneficiaries:

The Beneficiaries were students of KV Rohtak from classes 4th to 9th. 376 students underwent Dental Check up out of which 193 were boys and 183 were girls. Children were given demonstration for brushing technique. They were distributed toothpastes and children with good oral hygiene were motivated by distribution of oral health badges. Majority of the students had Dental Caries Predominantly.

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the students and school authorities. Proper brushing technique was demonstrated to educate the students regarding importance of proper oral hygiene maintenance. Tooth brushes were disseminated and oral hygiene day was celebrated by doing community service by choosing the future of the nation school students as beneficiaries. Three hundred Sixty-Seven patients were examined The Young Children were also shown educational models and charts to reinforce the oral health education imparted to them. The Interns Post graduates worked in Tandem and learnt the nuances of working at an outreach setting in a mobile setting while realizing the importance of good teamwork and soft skills related to patient management at an outreach setting

7. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening and treatment programme on 15th September 2022 in association with Reliance foundation at Village lagarpur, Jhajjar. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Department & Associate Dean). The Dental team was headed by Dr. Abhinav Bhargava (Department of Public Health Dentistry) along with Dr Nishtha (Postgraduate Prosthodontics), Dr Mehak (Postgraduate Periodontology), Dr Isha (Postgraduate Oral Surgery) Interns Bobby Ashish , Arzoo , Bharti and 2 attendants Mr. Sunil & Mr. Darshan singh. A total of 105 patients including 59 males and 46 females were examined. Out of which 19 patients were provided treatment in mobile dental van which included 19 oral prophylaxis. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Toothpastes and mouthwash and medicines were distributed to the needy patients. Oral health education was also given to the villagers regarding maintenance of oral health and its relation with general health keeping in mind current pandemic. The general population gave positive feedback and appreciated the check up and patient care provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion The purpose of the Oral Health check-up was to create awareness among the community and make them understand the importance of oral health.

8. Number & Description of Beneficiaries:

The Beneficiaries were residents of Village Lagarpur from all age groups. The working population is primarily engaged in agriculture. 105 people came forward for their Dental Check including both males and females. 19 were provided basic treatment. Patients were given demonstration for brushing technique. Majority of the patients had periodontal problems including gingivitis and periodontitis. Younger population had Dental Caries Predominantly. A fragment of population was of tobacco chewers who were separately motivated for quitting the habit. Mouthwashes and toothpastes were distributed as per the oral health needs of the population

SGT UNIVERSITY

DENTAL CAMP REPORT

Camp Location: Farukhnagar

23rd September 2022

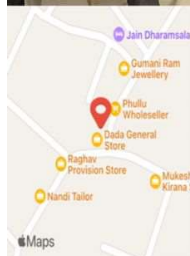

An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 23rd September 2022 (Friday) at village Farukhnagar in association with SGTU Publicity Team. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Vishesh Yadav (Associate Professor, Department of Oral Medicine and Radiology) along with 2 postgraduates Dr. Sarojini (Prosthodontics) Dr Vinnie (Endodontics) and 3 interns- Aarti, Anshu and Anjali and 2 attendant Mr Sunil and Mr Darshan. 28 patients were examined, out of which 4 patients were provided treatment (3 Oral Prophylaxis, 1 Coronoplasty) in Mobile Dental Van on camp site. Patients who required complex treatment were referred to Dental Hospital in SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated to all the patients. The general population gave a positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were appreciative of the oral health education and counselling disseminated to them. The interns and postgraduates appreciated the opportunity provided to them to interact with patients at a community setting leading to improvement in their soft skills and approach towards patients in an outreach location, they also expressed their wish to participate in such activities in the future. The purpose of the dental camp was to create awareness in the community towards the importance of oral health.

required dental treatment were referred to SGT Dental hospital for further treatment.

9. Number & Description of Beneficiaries:

The Beneficiaries were students of The Modern Senior Secondary School, Rohtak from Classes 1st to 12th. 204 students came forward for their Dental Check up out of which 130 were boys and 74 were girls. Children were given demonstration for brushing technique. Majority of the students had good oral hygiene however some children had Dental Caries, Grossly decayed teeth and Extrinsic stains.

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the School Authorities. Proper brushing technique was demonstrated to educate the Children and their teachers regarding importance of proper oral hygiene maintenance. Two hundred and four students were examined. The young children were also shown educational videos to reinforce the oral health education imparted to them. The interns and post-graduates worked in tandem and learnt the nuances of working at an outreach setting in a School setting while realizing the importance of good teamwork and soft skills related to patient management at an outreach setting.

SCHOOL ORAL HEALTH PROGRAMME

To Celebrate

National Children's Day

CMM Sr Sec Public School, Dujana

Date – 14th November 2022

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening program on 14th November 2022 (Monday) at CMM Sr Sec Public School, Dujana, Jhajjar. The Dental team took initiative to celebrate the National Children's Day with the school children to spread positive oral health on this day.

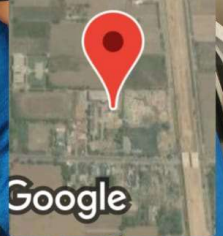

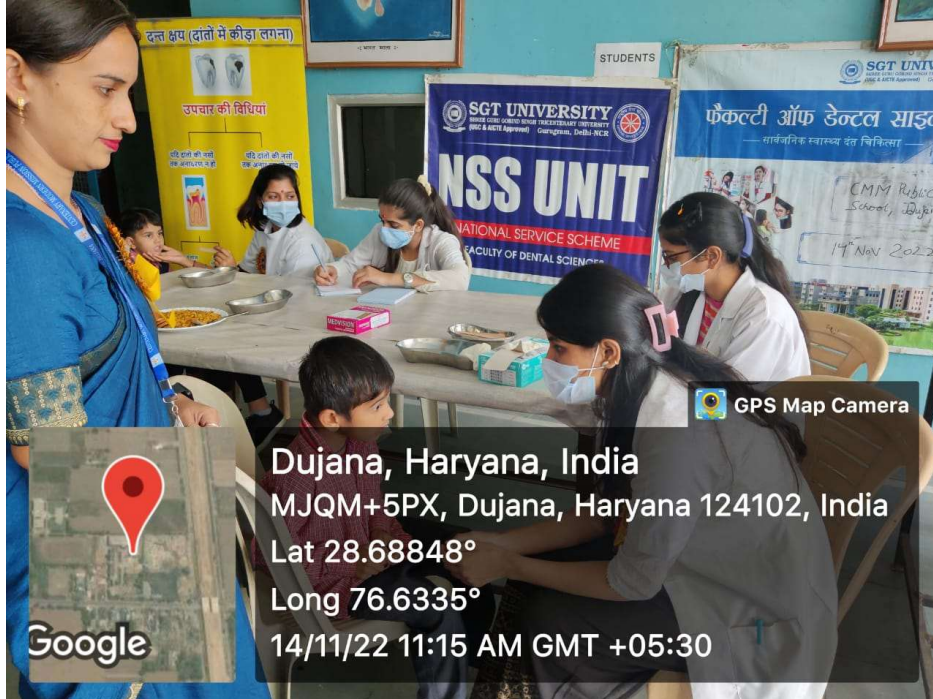

The event was coordinated by Dr. Shourya Tandon (Head of Dept & Associate Dean) in collaboration with the SGT Admissions Marketing Team. Department of Pedodontics and Orthodontics also collaborated with Public Health Dentistry for the outreach activity.

The Dental team was headed by Dr. Charu Khurana (Department of Public Health Dentistry) along with 2 postgraduates Dr. Neha Yadav (Postgraduate Pedodontics) and Dr. Tanvi Dagar (Postgraduate Orthodontics) and 5 Interns Tanisha Gupta, Savari, Shweta, Swati, Shalley, Shivani and 2 attendants Mr. Rajkumar and Mr. Darshan. A total of 395 students from classes Prep till 12th were examined which included 222 boys and 173 girls. Along with students, oral health examination was done for some of the parents, Teachers and supporting staff in the school. Health Education was imparted regarding the importance of adopting a healthy lifestyle through brushing techniques, models and charts. An oral health talk session was taken by Dr. Charu Khurana where she mentioned about the adverse oral habits, oral hygiene importance, ill effects of tobacco consumption. The purpose of the Oral Health drive was to create awareness among the students and make them understand the importance of oral health care. Students who required dental treatment were referred to SGT Dental hospital for further treatment.

instructions. The purpose of the Oral Health drive was to create awareness among the students and make them understand the importance of oral health care. Students who required dental treatment were referred to SGT Dental hospital for further treatment.

9. Number & Description of Beneficiaries:

The Beneficiaries were students of Indra Prastha Convent Senior Secondary School from Classes 4th to 8th. 267 students came forward for their Dental Check-up out of which 158 were boys and 109 were girls. Children were given demonstrations for brushing technique. Majority of the students had good oral hygiene however some children had Dental Caries, grossly decayed teeth and extrinsic stains.

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the School Authorities. Proper brushing technique was demonstrated to educate the children and their teachers regarding the importance of proper oral hygiene maintenance. Two hundred and sixty-seven students were examined. Young Children were also shown educational videos to reinforce the oral health education imparted to them. The interns and postgraduates worked in tandem and learnt the nuances of working at an outreach setting in a school setting while realizing the importance of good teamwork and soft skills related to patient management at an outreach setting.

Children were given demonstrations for brushing technique. Majority of the students had good oral hygiene however some children had Dental Caries, grossly decayed teeth and extrinsic as well as intrinsic stains.

10. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the School Authorities. Proper brushing technique was demonstrated to educate the children and their teachers regarding the importance of proper oral hygiene maintenance. Four hundred and thirty students were examined. Young Children were also shown educational videos to reinforce the oral health education imparted to them. The interns and postgraduates worked in tandem and learnt the nuances of working at an outreach setting in a school setting while realizing the importance of good teamwork and soft skills related to patient management at an outreach setting.

DENTAL CAMP REPORT

OUTREACH ACTIVITY 29TH NOVEMBER, 2022

MUSSEPUR VILLAGE, REWARI

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening and treatment programme on 29th November 2022 (Tuesday) at Mussepur Village, Rewari in association Social Development and Women Empowerment Organization.

The Dental team along with the Medical Team participated in the rural activity. The Dental team was headed by Dr. Meenakshi Chopra (Reader, Department of Public Health Dentistry) along with 3 postgraduates Dr Sarojini (Prosthodontics), Dr Lalit (Endodontics), Dr Harjeet Yadav (Oral Surgery) and 5 Interns Savari, Nisha, Aditi, Rashmit, Lokesh and 2 attendants Mr Sunil and Mr Darshan. A total of 66 patients including 30 males and 36 females were examined. Of which 20 patients were provided treatment (3 Extractions and 17 oral prophylaxis) in Mobile Dental Van on camp site. Oral Hygiene Kit and medicines were distributed to the needy patients. Patients who required complex treatment were referred to Dental Hospital in SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated to both adult and child patients. The general population gave positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were appreciative of the oral health education and counselling disseminated to them. The interns appreciated the opportunity provided to them to interact with patients at a community setting leading to improvement in their soft skills and approach towards patients in an outreach location, they also expressed their wish to participate in such activities in the future. The purpose of the dental camp was to create awareness in the community towards the importance of oral health.

FEEDBACK

... day, we went to camp to Muskhaidpur (1-12-22)
... was an eventful camp. We went in mobile Dental
camp: by a van.

The villagers were quite cooperative and were willing
to listen and change their normal habits.

Some normal procedures like scaling was performed
there and for others patients were referred to SGT.

SCHOOL ORAL HEALTH PROGRAMME

Salwan Boys' Sr Sec School, Rajinder Nagar, Delhi

Date – 12th December, 2022

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening program on 12th December 2022 (Monday) at Salwan Boys' Senior Secondary School, Old Rajinder Nagar, Delhi.

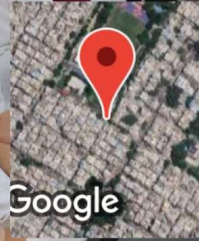

The Dental team took initiative in collaboration with SGT Admissions team and was headed by Dr. Charu Khurana (Senior Lecturer, Department of Public Health Dentistry) with 2 postgraduate students Dr. Anushi (Department of Pedodontics) and Dr. Sakshi (Department of Orthodontics) along with 6 Interns Shiwani, Shalley, Savari, Sneha, Tanisha and Yashi and 1 attendant Mr. Sunil. A total of 328 boys from classes IX- XII were examined for their oral health status. Along with students, oral health examination was done for some of the teachers and supporting staff members in the school.

An oral health talk session was delivered which included importance of brushing, procedure of mouthwash usage and oral hygiene instructions. Doubts regarding toothbrushing technique, oral hygiene products and questions raised by students during oral health talk session were also answered by dental team. Oral Health Education was imparted regarding the importance of adopting a healthy lifestyle through brushing techniques, models and charts. The purpose of the Oral Health drive was to create awareness among the students and make them understand the importance of oral health care. Students who required dental treatment were referred to SGT Dental hospital for further treatment.

7. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

An oral health screening and treatment camp was organized by Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University on 13th December, 2022 (Tuesday) at Fatehpur Village in association with Reliance MET. The Dental team took initiative under the guidance of Dr. Shourya Tandon (Prof. & Head and Associate Dean). The Dental team was headed by Dr. Surbhi Priyadarshi (Assistant Professor, Department of Public Health Dentistry) along with 2 postgraduates Dr. Vaishali (Department of Prosthodontics), Dr. Nehmat (Department of Periodontics), 6 Interns- Sanal, Samridhi, Shipra, Savari, Swati, Sneha and 2 attendants - Mr. Sunil and Mr. Darshan from PHD department. A total of 131 patients were examined which included 64 males and 67 females. Of which 27 patients were provided treatment (oral prophylaxis) in Mobile Dental Van on camp site. Patients who required complex treatment were referred to Dental Hospital in SGT University. Oral health education was imparted to the people and proper brushing technique was demonstrated to both adult and child patients. Toothbrushes, toothpastes, oral mouthwashes were distributed to the needy population.

The general population gave positive feedback and appreciated the check up and treatment provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion and were appreciative of the oral health education and counselling disseminated to them. The interns appreciated the opportunity provided to them to interact with patients at a community setting leading to improvement in their soft skills and approach towards patients in an outreach location, they also expressed their wish to participate in such activities in the future. The purpose of the dental camp was to create awareness in the community towards the importance of oral
